

PARTNERS IN MINISTRY

2026 VOUCHER USE POLICY

As part of the Partnership in Ministry program, a congregation receives discounts on certain services, as well as vouchers that can be used to:

1. Sponsor counseling sessions. The number of vouchers received will be based on your current church membership: 800 or more members = 8 vouchers / 400 - 799 members = 6 vouchers / 399 members or less = 4 vouchers
2. \$100 towards clergy and congregational consultation, education and other ministry needs.

1. Counseling

Each church voucher is worth the fee of one counseling session. The value of the voucher will vary based on the nature of the service provided. Available services include the following:

- Initial Evaluation (\$180)
- Ongoing Session (\$120)
- Ongoing Session Extended (\$150)
- One voucher may be used to cover co-pays totaling \$100 when a congregant has insurance.

2. Consultation & Education

The Samaritan Center offers a wide array of consultation & education opportunities from clergy coaching, congregational consultation, educational presentations, premarital consultation, to business consulting. To simplify the voucher policy for our partner churches, all vouchers used for consultation & education will now be valued at \$100. Please call to verify cost of the service before utilizing a voucher, but the following general guidelines will typically be followed:

- If the service cost is less than \$100, no refund is made.
- If the cost of the service exceeds the stated value of the voucher (\$100), the church or client is expected to pay any remaining costs.

It is Samaritan Center's desire to be as flexible and helpful as reasonably possible regarding voucher use. To inquire about the number of vouchers your church has used year to date, or with any other questions about voucher use, please contact: Eileen Campbell ecampbell@samaritanlancaster.org or 717.560.9969 x247
